## Cross Country Healthcare Ranked Amongst the Largest U.S. Staffing Firms

BOCA RATON, Fla., July 19, 2016 /PRNewswire/ -- Cross Country Healthcare (NASDAQ: CCRN) has been named as one of the Staffing Industry Analysts (SIA) 2016 Largest Staffing Firms in the United States. This is a tremendous honor for the organization and highlights Cross Country Healthcare's position as a leader in the healthcare staffing industry. After experiencing 24% revenue growth last year, we moved from #21 in 2015 to #19 in 2016.

Known as an industry leader in data and research, SIA is a global advisor on staffing and workforce solutions. Requirements to be on this list include generating at least \$100 million in U.S. staffing revenue in 2015. Firms on the list generated \$75.7 billion in revenue, making up 56.8% of the total market by SIA estimates.

"The companies featured on this year's report combined to generate \$75.7 billion in US staffing revenue last year," said Timothy Landhui, Research Manager at Staffing Industry Analysts. "This marked a solid increase from the \$69.4 billion of 2014 revenue featured in last year's report, and provides evidence of overall growth in staffing revenue among large firms."

"Our rise on the SIA 2016 Largest Staffing Firms in the United States list is very important to our organization. It is validation of our commitment to maintaining a leadership position in everything we do. If we do not remain steadfast to delivering the highest quality services and healthcare professionals, we would not continue to grow as an organization", explains William Grubbs, President and CEO of Cross Country Healthcare. "Our ability to ultimately grow revenue is the result of hard-working, dedicated corporate employees that continue to produce results... day-in and day-out."

In addition to having his organization rank on SIA's 2016 list, Mr. Grubbs has also been featured, for four consecutive years, on the publication's list of Top 100 Most Influential People in Staffing.
