This prospectus only provides you with a general description of the securities that may be offered. Each time the selling stockholders sell securities using this shelf registration, we may provide a supplement to this prospectus that will contain specific information about the terms of that offering, including the specific amounts, prices and terms of the securities offered. The prospectus supplement may also add, update or change information contained in this prospectus. If there is any inconsistency between the information in this prospectus and any applicable prospectus supplement, you should rely on the information in the applicable prospectus supplement. You should read in their entirety both this prospectus and any accompanying prospectus supplement, together with the additional information described under the sections entitled “Where You Can Find More Information” and “Incorporation of Certain Documents by Reference”, before deciding to invest in any of the securities being offered.

Any summaries of such agreement or documents set forth in this prospectus or any accompanying prospectus supplement are qualified in their entirety by reference to such agreement or document as filed with the SEC.

You should not assume that the information in this prospectus, any accompanying prospectus supplement or any document incorporated by reference herein is accurate as of any date other than the date on the front of each document, regardless of the time of delivery of this prospectus, any accompanying prospectus supplement or any sale of securities. Our Company

Cross Country Healthcare, Inc. is a national leader in providing leading-edge healthcare recruiting, staffing, and workforce solutions. Through diversified offerings, we are able to meet the unique needs of each client. By utilizing our diversified healthcare solutions, clients are able to strategically flex their workforce, streamline their purchasing needs, access specialties not available in their local area, and access quality healthcare personnel to provide continuity of care for improved patient outcomes. Our solutions are geared towards assisting our clients to solve their labor cost issues while maintaining high quality outcomes.

Our workforce solutions include:

- managed service programs (MSP);
- electronic medical record (EMR) transition staffing;
- internal resource pool (IRP) consulting and development;
- recruitment process outsourcing (RPO);
- predictive modeling analysis to assist in forecasting labor needs;
- payrolling;
- traditional recruiting and staffing of temporary and permanent placement of travel nurses and allied professionals, branch-based local nurses and allied staffing and locum tenens physicians; and
- education and training programs, and retained and contingent search services.

We service a variety of clients, including public and private acute care hospitals, government facilities, schools, outpatient clinics, ambulatory care facilities, physician practice groups, retailers and many other healthcare providers. Our business currently consists of three business segments: (1) Nurse and Allied Staffing, (2) Physician Staffing and (3) Other Human Capital Management Services. Our fees are paid directly by our clients and in certain instances by vendor managers. As a result, we have no direct exposure to Medicare or Medicaid reimbursements.

In December 2013, we acquired the assets of On Assignment, Inc.'s Allied Healthcare Staffing division, and in June 2014 we acquired substantially all of the assets and certain liabilities of Medical Staffing Network Healthcare, LLC ("MSN"). These acquisitions allowed us to: (1) add new skillsets to our traditional staffing offerings, (2) expand our local branch network, which has allowed us to expand our local market presence and our MSP business, (3) diversify our customer base into the local ambulatory care and retail market, which provided more balance between our large volume based customers and our small local customers, and (4) better position us to take additional market share at our MSP accounts. Subsequent to the MSN acquisition, we centralized billing, payroll, credentialing, and other back office functions of the acquired businesses to realize cost savings. In addition, we successfully migrated these operations onto a common information system platform with our local branch network for efficiency purposes.

Our operations reflect a diversified revenue mix across healthcare customers. For the full year 2014, our revenue from continuing operations was \$618 million. Our Nurse and Allied Staffing business segment was 74% of revenue and is comprised of travel nurse, travel allied and branch-based local nurse and allied staffing. Our Physician Staffing business segment was 20% of our revenue and consists of physician staffing services with placements across multiple specialties. Our Other Human Capital Management Services business segment was 6% of our revenue and consists of education and training, as well as retained and contingent search services primarily for physicians and healthcare executives. On a company-wide basis, we have more than 6,000 active contracts with healthcare clients, and we provide our staffing services and workforce solutions in all 50 states.

The following is a summary of the transactions relating to the securities being registered hereunder:

Private Placement of Convertible Notes

On June 30, 2014, we and certain of our domestic subsidiaries entered into a Convertible Note Purchase Agreement (the “Note Purchase Agreement”), with certain note holders (collectively, “the Noteholders”). Pursuant to the Note Purchase Agreement, we sold to the Noteholders an aggregate of \$25.0 million of the Convertible Notes. The proceeds from the Note Purchase Agreement were used by us to pay a portion of the consideration paid in the MSN Acquisition and related fees and expenses.

The Convertible Notes are convertible at the option of the holders thereof at any time into shares of the common stock, at an initial conversion price of \$7.10 per share, or 3,521,127 shares of common stock. After three years, we have the right to force a conversion of the Convertible Notes if the volume-weighted average price (“VWAP”) per share of the common stock exceeds 125% of the then conversion price for 20 days of a 30-day trading period. The conversion price is subject to adjustment pursuant to customary weighted average anti-dilution provisions including adjustments for the following: common stock dividends or distributions; issuance of any rights, warrants or options to acquire common stock; distributions of property; tender offer or exchange offer payments; cash dividends; or certain issuances of common stock at less than the conversion price. Upon conversion of the Convertible Notes, we will exchange, for the applicable conversion amount thereof a number of shares of common stock equal to the amount determined by dividing (i) such conversion amount by (ii) the conversion price in effect at the time of conversion. No fractional shares of common stock will be issued upon conversion of the Convertible Notes. In lieu of fractional shares, we shall pay cash in respect of each fractional share equal to such fractional amount multiplied by the thirty day VWAP as of the closing of business on the Business Day (as defined in the Note Purchase Agreement) immediately preceding the conversion date as well as any unpaid accrued interest.

The Convertible Notes bear interest at a rate of 8.00% per annum, payable in quarterly cash installments; provided, however, that, at our option, up to 4.00% of the interest payable may be “paid-in-kind” through a quarterly addition of such “paid-in-kind” interest amount to the principal amount of the Convertible Notes. The Convertible Notes will mature on June 30, 2020, unless repurchased, redeemed or converted earlier. Subject to certain exceptions, we do not have the option to redeem the Convertible Notes until June 30, 2017. If we redeem the Convertible Notes on or after June 30, 2017, we are required to pay a premium equal to 15% of the amount of principal of the Convertible Notes redeemed.

If the Convertible Notes are redeemed on or prior to June 30, 2017, pursuant to a Prohibited Transaction, as defined by the agreement, we are required to pay a premium equal to the greater of (i) the sum of (a) the amount of principal of the Convertible Notes redeemed, plus (b) the accrued but unpaid interests on the principal amount so redeemed to the date of the redemption, plus (c) a “make whole” amount (described below) and (ii) the sum of (x) the average 30-day volume-weighted average price per share of Common Stock multiplied by the number of shares of Common Stock that the redeemed Convertible Notes are then convertible into and (y) the accrued but unpaid interest on the Convertible Notes. The “make whole” amount is equal to the excess, if any, of (1) the present value at the date of redemption of (A) 115% of the principal amount of the Convertible Notes redeemed, plus (B) all remaining scheduled interest due on the principal amount of the notes being redeemed through June 30, 2017 computed using a discount rate equal to the Treasury rate as of the date of redemption plus 50 basis points over (2) the outstanding principal amount of the Convertible Notes then redeemed.

We granted the Noteholders preemptive rights with respect to future equity issuances by us, subject to customary exceptions.

In connection with the placement of the Convertible Notes, on June 30, 2014, we entered into a registration rights agreement (the Registration Rights Agreement) with the Noteholders, which sets forth the rights of the Noteholders to have the shares of Common Stock issuable upon conversion of the Convertible Notes registered with the Securities and Exchange Commission (the SEC) for public resale under the Securities Act of 1933, as amended. Pursuant to the Registration Rights Agreement, we were required to file a registration statement with the SEC (the Initial Registration Statement) registering the shares of Common Stock issuable upon conversion of the Convertible Notes. The Initial Registration Statement was filed with the SEC and became effective in the fourth quarter of 2014. In addition, the agreement gives the Noteholders the ability to exercise certain piggyback registration rights in connection with registered offerings by the Company.

SELLING STOCKHOLDERS

This prospectus covers 3,521,127 shares of our common stock, issued or issuable to the selling stockholders pursuant to the terms of the Convertible Notes. We have entered into a Registration Rights Agreement with the selling stockholders to register the resale of such shares of common stock by the selling stockholders.

The selling stockholders may, from time to time, offer and sell pursuant to this prospectus any or all of the common stock set forth below. However, the selling stockholders are under no obligation to sell any of the common stock offered pursuant to this prospectus. As used in this prospectus, the term “selling stockholders” includes the selling stockholders listed in the table below, as well as permitted pledgees, donees, transferees or other successors in interest who receive such shares as a gift, partnership distribution or other non-sale related transfer.

The information in the following table is based on 32,176,231 shares of common stock issued and outstanding as of March 31, 2015. Beneficial ownership for the purposes of the following tables is determined in accordance with the rules and regulations of the SEC. These rules and regulations generally provide that a person is the beneficial owner of securities if such person has or shares the power to vote or direct the voting of securities, or to dispose or direct the disposition of securities or has the right to acquire such powers within 60 days. The number of shares in the column “Common Stock Owned Prior to Offering” assumes that the full principal amount of the Convertible Notes (including all interest that is payable in kind) is converted into shares of common stock.

For purposes of calculating each person’s percentage ownership, common stock issuable pursuant to options or warrants exercisable within 60 days are included as outstanding and beneficially owned for that person or group, but are not deemed outstanding for the purposes of computing the percentage ownership of any other person. Except as disclosed in the footnotes to these tables, we believe that each beneficial owner identified in the table possesses sole voting and investment power over all common stock shown as beneficially owned by such beneficial owner. The information in the table below is based on information provided by or on behalf of the selling stockholders. Since the date on which the selling stockholders provided us with the information below, the selling stockholders may have sold, transferred or otherwise disposed of some or all of their shares in transactions exempt from the registration requirements of the Securities Act.

Each time a selling stockholder sells any shares of common stock offered by this prospectus, it is required to provide you with this prospectus and the related prospectus supplement, if any, containing specific information about the selling stockholder and the terms of the shares of common stock being offered in the manner required by the Securities Act.

No offer or sale may occur unless the registration statement that includes this prospectus has been declared effective by the SEC and remains effective at the time the selling stockholder offers or sells shares of common stock. We are required, under certain circumstances, to update, supplement or amend this prospectus to reflect material developments in our business, financial position and results of operations and may do so by an amendment to this prospectus or a prospectus supplement.

PLAN OF DISTRIBUTION

We are registering the shares of common stock covered by this prospectus on behalf of the selling stockholders. As used in this prospectus, “selling stockholder” includes the pledgees, donees, transferees or other successors in interest that receive such shares as a gift, partnership distribution or other non-sale related transfer. The shares of common stock may be offered and sold from time to time by the selling stockholders. However, the selling stockholders are under no obligation to sell any of the common stock offered pursuant to this prospectus.

The selling stockholders may sell the shares of common stock on The Nasdaq National Market, in the over-the-counter market or otherwise, at (1) market prices prevailing at the time of sale, (2) prices related to the prevailing market prices or (3) varying, fixed or negotiated prices. The selling stockholders may sell some or all of the shares of common stock in one or more of the following ways:

- a block trade in which a broker-dealer may resell a part of the block, as principal, in order to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by such broker-dealer for its own account, including customary underwritten offerings;
- an over-the-counter distribution in accordance with the rules of The Nasdaq National Market;
- ordinary brokerage transactions and transactions in which the broker solicits purchasers; or
- in privately negotiated transactions.

When selling the shares of common stock, the selling stockholders may enter into hedging transactions. For example, the selling stockholders may:

- enter into transactions involving short sales of the shares of common stock by broker-dealers;
- sell shares of common stock short themselves and redeliver such shares to close out their short positions;
- enter into option or other types of transactions that require the selling stockholders to deliver shares of common stock to a broker-dealer, who will then resell or transfer of the shares of common stock under this prospectus; or
- loan or pledge the shares of common stock to a broker-dealer, who may sell the loaned shares or, in the event of default, sell the pledged shares.

In addition to selling their shares of common stock under this prospectus, the selling stockholders may transfer their shares of common stock in other ways not involving market makers or established trading markets, including directly by gift, distribution, or other transfer. The selling stockholders may also sell any qualifying shares of common stock under Rule 144 rather than pursuant to this prospectus.

The selling stockholders may negotiate and pay broker-dealer commissions, discounts or concessions for their services. Broker-dealers engaged by the selling stockholders may allow other broker-dealers to participate in resales. Any broker-dealers involved in the sale or resale of the shares of common stock may qualify as “*underwriters*” within the meaning of the Section 2(11) of the Securities Act. In addition, the broker-dealers’ commissions, discounts or concessions may qualify as underwriters’ compensation under the Securities Act. Any underwriters will be named in a prospectus supplement. We will pay all expenses incident to the offering and sale of the shares of common stock to the public other than any commissions and discounts of underwriters, dealers or agents and any transfer taxes.

The shares will be sold only through registered or licensed brokers or dealers if required under applicable state securities laws. In addition, in certain states the shares may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Each selling stockholder will be subject to applicable provisions of the Exchange Act and the associated rules and regulations under the Exchange Act, including Regulation M, which provisions may limit the timing of purchases and sales of shares of common stock by the selling stockholders. Item 17. Undertakings.

The undersigned Registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement: (i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933; (ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of shares of common stock offered (if the total dollar value of shares of common stock offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and (iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; provided, however, that (i), (ii), and (iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the shares of common stock offered therein, and the offering of such shares of common stock at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the shares of common stock being registered which remain unsold at the termination of the offering.

Each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the shares of common stock being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
