**Item 8.01 Other Events.**

On May 15, 2019, Cross Country Staffing resolved a medical malpractice lawsuit relating to the care rendered by a labor and delivery nurse in 2013 at a hospital in the northeast. The nurse, with more than 30 years of labor and delivery experience, was one member of a care team supporting the midwife and attending obstetrician at one of the nation's preeminent hospitals. Nevertheless a rare and unfortunate outcome resulted. The Company's heartfelt prayers go out to the affected family.

Through a settlement agreement with plaintiffs, the Company was able to mitigate its exposure to a substantial jury award. While the settlement is confidential, the Company expects its total financial exposure in this case to be approximately \$1,000,000 with the balance of the settlement to be funded by its insurers, as is customary in cases of this nature.

Long recognized for its clinical excellence, Cross Country Staffing has maintained a proven track record for 33 years of delivering high quality, flexible healthcare staffing solutions with qualified professionals dedicated to exceptional patient care.
